

On the day of the test

When you have booked online, you will receive an email with the test date, location and time to arrive. You will receive another email on the Wednesday evening before your test to confirm these details. You will also receive an SMS reminder on the Friday before the test. The test is always held on a Saturday.

Registration opens at 8.00 am. The test begins at 9.00 am sharp. On the day of the test you must bring your current passport (only original and current passports are accepted).

The test centre will provide pencils, sharpeners and erasers. Please do not bring your own stationery as it will not be allowed into the test room. Remember to bring your passport or you will not be able to sit the test.

The IELTS Essentials pack has more information on what to expect on the day of the test.
